

## Wood You Remember

www.woodyouremember.co.nz

*“Our choice of solid Teak Benches are a wonderful way to celebrate life, an achievement, or simply enjoy a view”*

### English Bench 1800

Naturally aged bench

A classic English styled bench which is designed to last. This prominent heavy duty bench certainly stands out from other seats. It is built from premium quality A grade Teak using traditional mortise and tenon joinery, incorporated into the design are dense scrolled arms, a contoured seat and high backing to give optimal comfort. This discernible bench will comfortably seat up to four people and looks striking in any location.

### English Bench 1500

Enhance your garden with this graceful heavy gauged English bench which comfortably seats up to three people. Being shorter in width than its big brother it will sit elegantly in smaller areas. It has also been designed with style in mind with contoured seating, high backing and dense scrolled arms. Crafted from premium quality grade A Teak using traditional mortise and tenon joinery, this classic bench will impress and is built to withstand domestic and commercial use.

### Lutyen Bench

This breath-taking bench was created by the famous architect “Sir Edwin Lutyens” in the early 19th century. A highly detailed design with an intricately built seat and arms, this bench will add elegance and beauty to any setting. Simply stated when it has turned silver it looks absolutely stunning!

### Upgrades & Services

#### Brass and Stainless Steel Plaques

Engrave your heartfelt feelings and loving memories on to either our high quality Brass or Stainless Steel plaques. If you are looking for a traditional appearance we recommend the Brass or for a contemporary look, we recommend the Stainless Steel.

#### Wood Engraving Service

What better way to commemorate a person or an event with a personalised wood inscription for your bench. Inscriptions are carved into the teak of the top rail using a traditional engraving font and will be centred. As well as looking impressive, a wood inscription will last forever and a personalised message adds extra security against theft.
